| Math GPS Student Workbooks/Teacher Editions | | | | |
|---|---|----------|---------------|-------|
| Item # | Description | Quantity | Price | Total |
| GPS2 | Grade 2 Math GPS Student Workbook Set (25 books/set) | | \$375.00/set | |
| GPS2TE | Grade 2 Math GPS Teacher Edition | | \$25.00/each | |
| GPS2SP | Grade 2 Math GPS Student Workbook Set (10 books/set) <i>Spanish Version</i> | | \$150.00/set | |
| GPS3 | Grade 3 Math GPS Student Workbook Set (25 books/set) | | \$375.00/set | |
| GPS3TE | Grade 3 Math GPS Teacher Edition | | \$25.00/each | |
| GPS3SP | Grade 3 Math GPS Student Workbook Set (10 books/set) <i>Spanish Version</i> | | \$150.00/set | |
| GPS4 | Grade 4 Math GPS Student Workbook Set (25 books/set) | | \$375.00/set | |
| GPS4TE | Grade 4 Math GPS Teacher Edition | | \$25.00/each | |
| GPS4SP | Grade 4 Math GPS Student Workbook Set (10 books/set) <i>Spanish Version</i> | | \$150.00/set | |
| GPS5 | Grade 5 Math GPS Student Workbook Set (25 books/set) | | \$375.00/set | |
| GPS5TE | Grade 5 Math GPS Teacher Edition | | \$25.00/each | |
| GPS5SP | Grade 5 Math GPS Student Workbook Set (10 books/set) <i>Spanish Version</i> | | \$150.00/set | |
| GPS6 | Grade 6 Math GPS Student Workbook Set (25 books/set) | | \$375.00/set | |
| GPS6TE | Grade 6 Math GPS Teacher Edition | | \$25.00/each | |
| GPS7 | Grade 7 Math GPS Student Workbook Set (25 books/set) | | \$375.00/set | |
| GPS7TE | Grade 7 Math GPS Teacher Edition | | \$25.00/each | |
| GPS8 | Grade 8 Math GPS Student Workbook Set (25 books/set) | | \$375.00/set | |
| GPS8TE | Grade 8 Math GPS Teacher Edition | | \$25.00/each | |
| Readiness Standards Focus Kits | | | | |
| RFK2 | Math GPS Critical TEKS Kit, Grade 2 | | \$150.00/each | |
| RFK2SP | Math GPS Critical TEKS Kit, <i>Spanish Version</i> , Grade 2 | | \$200.00/each | |
| RFK3 | Math GPS Readiness Focus Kit, Grade 3 | | \$150.00/each | |
| RFK3SP | Math GPS Readiness Focus Kit, <i>Spanish Version</i> , Grade 3 | | \$200.00/each | |
| RFK4 | Math GPS Readiness Focus Kit, Grade 4 | | \$150.00/each | |
| RFK4SP | Math GPS Readiness Focus Kit, <i>Spanish Version</i> , Grade 4 | | \$200.00/each | |
| RFK5 | Math GPS Readiness Focus Kit, Grade 5 | | \$150.00/each | |
| RFK5SP | Math GPS Readiness Focus Kit, <i>Spanish Version</i> , Grade 5 | | \$200.00/each | |
| RFK6 | Math GPS Readiness Focus Kit, Grade 6 | | \$150.00/each | |
| RFK7 | Math GPS Readiness Focus Kit, Grade 7 | | \$150.00/each | |
| RFK8 | Math GPS Readiness Focus Kit, Grade 8 | | \$150.00/each | |
| RFKALI | Math GPS Readiness Focus Kit, Algebra I | | \$200.00/each | |

Math GPS Student Workbooks

The 2-8th grade student workbooks cycle through the Texas Essential Knowledge and Skills expectations. They are sold in classroom sets of 25, and are available in English and Spanish versions. They are protected by the US Department of Copyrights.

- The workbooks consist of 150-170 student pages. Our creation design allows a teacher to use **one page per day** to introduce/practice/review instruction correlated to the Texas Essential Knowledge and Skills. The material is cyclical in nature so that students “never leave” an idea in mathematics. While covering all TEKS, the Readiness Standards receive more attention. Research shows that a recursive approach to mathematics education has a positive, measurable effect. Students retain concepts at a higher level when problems are presented multiple times in a recursive format.
- The first 90 pages are open-response. The final 60-70 pages are formatted according to the STAAR blueprints, with griddables and multiple choice questions.
- Problems in our workbooks are often a combination of TEKS, often multi-step, and require students to apply learning. We expect students to reason, solve, and explain mathematics.

Math GPS Readiness Focus Kits

The Readiness Focus Kits provide an activity/game for each readiness TEKS, followed by ten assessment questions to measure understanding. The 2-8th grade, and Algebra I kits, are protected by the US Copyright Office and should be assigned to a single teacher for use with his/her students.

- The kits contain 12-16 activities based on the number of readiness TEKS identified by the Texas Education Agency for each grade level. There are a variety of activity types with participation in several arrangements: whole class, small group, individual or partners.
- Ten questions per readiness standard are provided to measure mastery of the concept. Since the readiness standards are the “biggest” ideas of a grade-level, it is critical that remediation of weak concepts be addressed.
- The focus kits are designed to support instruction. The activities and games may become center activities or used in guided math. The kits may also be helpful as a final review before the state assessment.
- Problems in our kits will focus on the readiness standards but may also require knowledge of a supporting TEKS for student success. We expect students to reason, solve, and explain mathematics.
